

Mare conditions 2022

Hengstenhouderij van Nunen

Tests

- The mare will only be accepted when a bacteriologic test of the cervix with a negative result is presented. This test cannot be older than 28 days before arrival of the mare. This test can be done at home or at Hengstenhouderij van Nunen. If the mare is unclean on the swab-test it is possible to have her treated here. We would like to receive the results of the test.
- The mare must have performed a negative CEM-test (PCR from sinus clitoridis, fossa clitoridis, cervix uteri) this test will be taken at Hengstenhouderij van Nunen.
- There is no requirement for a swab- or CEM-test if the mare owner chooses to pick up fresh semen or if the mare will be inseminated.

Before delivery

- The mare must be declared healthy and in good shape to be a breeding mare.
- The mare must be vaccinated according to the rules of FEIF.
- She must be dewormed less than a week before she is brought to the stallion.
- The mare must have newly trimmed hooves and must be brought without shoes.
- The passport is delivered to Hengstenhouderij van Nunen
- For mares with summer eczema the price will be €5 euros per treatment (upon the owner's request). necessary items must be provided by the owner

During the stay

- Hengstenhouderij van Nunen will take as good as possible care of the mare/foal.
- Hengstenhouderij van Nunen reserves the right to call a veterinarian at our discretion at the owner's expense.
- Mares that exhibit aggressive behaviour in the herd or are difficult to catch are moved to a separate field or in a box at the owner's expense.

Booking & Payment

- The booking fee of €300 (exclusive VAT) must be transferred to our bank account, before ordering/delivery of the mare. The amount will not be refunded. The booking fee will be withdrawn from the covering fee.
- Mares that have been inseminated with fresh semen must be pregnancy scanned between 15 and 22 days after ovulation, and the result must be reported to Hengstenhouderij van Nunen immediately after.
- When the mare is found pregnant, the covering fee and additional costs will be invoiced.
- The mare owner will receive an interim invoice for the veterinary costs if the mare has been here for more than 1 month. To avoid rising costs.
- You can sign up through our website. Here is a registration form, please fill in the form as completely as possible.

Fresh semen Sorlí & Framherji (insemination)

- The covering fee is exclusive collecting/purchasing of the sperm. *(Please contact us for exact prices)* this applies per jump
- You can order everyday semen, also in the weekends.
- Please order before 09:00 in the morning to have a next day delivery.
- Most places in Germany: order today before 09:00 is a next day delivery. *(please check your address by us, to know for sure)*

- The mare can be inseminated at home, or you can bring your mare to Hengstenhouderij van Nunen, we will take care of the entire mare support.
- The semen can be shipped or the mare owner can pick up the semen. If the semen is picked up no costs will be invoiced. *Please contact us for an exact shipping price.*
- We have several portions per day. if there are too many bookings for one day, we will check who ordered first.
- If the mare does not become pregnant during the season, only booking fees and other expenses such as grass/veterinarian & collecting/purchasing costs will be invoiced.

Fresh semen Kveikur, Styrkur & Börkur

- The shipping costs for Kveikur, Styrkur & Borkur are €100 per shipment. (*weekend surcharge*)
- The first shipment is free. (a surcharge will be charged for a weekend delivery) *Please contact us to know the exact surcharge.*
- Delivery is possible from Tuesday/Saturday.
- The quality of semen of all 3 stallions is so good that it is still good to inseminate a few days after collection.
- Ordered today before 09:00 to have a next day delivery. (with the exception of Sunday/Monday)
- If the mare does not become pregnant during the season, only booking fees and other expenses such as grass/veterinarian costs will be invoiced.
- If the mare is scanned pregnant, but miscarries or the foal is stillborn/not viable in 24 hours, re-covering is offered. Only grass, shipping & veterinarian costs will be invoiced.
- If the mare does not become pregnant during the season, you can try it again next year. The booking fee will not be invoiced again. (This counts only for the same mare)

Remaining

(Only applicable if the mare comes to Hengstenhouderij van Nunen)

- the mare owner guarantees that the mare/foal, or other horses that has been in contact with the mare/foal, have not shown or show signs of infectious diseases in the last 6 weeks
- The mare owner guarantees that the mare/foal has not had strangles (Druse) or been in contact with infected horses for the past 3 months.
- Hengstenhouderij van Nunen does not accept any liability for damage, illness / and injury to people, animals, means of transport or otherwise. Horses are treated at the owner's risk. The mare owner is responsible for all costs.
