

COVERING CONDITIONS 2022

The mare will only be accepted when a bacteriologic test of the cervix with a negative result is presented. This test cannot be older than 28 days before arrival of the mare. Next to that, the mare will only be accepted if a negative CEM test is presented, which cannot be older than 90 days before arrival. CEM test is not necessary when the mare will be inseminated.

The mare should be a pure-bred Icelandic horse, registered in WorldFengur by FEIF. The passport will be kept by Hengstenhouderij van Nunen and will be returned when the mare is picked up.

The mare must be declared healthy and in good shape to be a breeding mare. The mare must be vaccinated according to the rules of FEIF. She must be dewormed less than a week before she is brought to the stallion. The mare must have newly trimmed hooves and must be brought without shoes.

The studfee is mentioned per stallion. For all stallions a non refundable deposit is charged as registration. The registration of the mare is only valid when the deposit has been paid.

If desired, the mare owner will receive a weekly update via email. This can be indicated when registering. We hope to keep the owner informed as best as possible about the developments of the mare
