

GENERAL CONDITIONS 2023

The general terms and conditions apply to all coverings through Hengstenhouderij van Nunen in 2023. All studfees are exclusive VAT, shipping costs and any documents. By registering and ordering semen the mare owner declares to have taken note of our breeding and payment conditions and agrees to these conditions.

We require a PCR CEM test of the mare. The test will be taken at Hengstenhouderij van Nunen as soon as possible after arrival. If the mare tests positive on CEM, the mare must be picked up and treated at home.

We recommend a bacteriological test of the uterus. This test can be taken at home before arrival or at Hengstenhouderij van Nunen. If the mare is unclean on the swab-test, then it is possible to have her treated here. Bacteriological test is not required.

There is no requirement for a swab- or CEM test if the mare owner chooses to inseminate the mare at home, but we strongly recommend.

The mare:

- Is brought without shoes and with well-groomed hooves.
- Is vaccinated according to the FEIF rules.
- The passport + possible test results of the mare are taken before arrival.
- Is healthy and recently dewormed.

Mares are inseminated, scanned and treated at the expense and risk of the mare owner.

If necessary the mare owner gives us the right to call a veterinarian in an emergency at the expense of the mare owner.

Mares with aggressive behavior or who are difficult to catch will be put in a separate paddock at the owner's expense

The bookingfee is €300 exclusive VAT 9%. The bookingfee is non-refundable and must be booked before the mare is brought or semen is ordered. When the mare is scanned pregnant the bookingfee will be withdrawn from the total covering fee.

Mares must be pregnancy scanned between 15 and 21 days after ovulation, and the result must be reported to Hengstenhouderij van Nunen immediately after. The remaining amount for the covering + other expenses will be invoiced when the mare is pregnant +15 days. Payment period of 14 days.

If the mare does not become pregnant during the season, only booking fees and other expenses such as shipping, insemination surcharge, field and veterinarian costs will be charged if applicable.
